

Commercial Online Services Available

Cash Management

Payroll Services

ACH Payments

Domestic Wire Transfers

Remote Deposit Complete

Remote Deposit Anywhere for business

Ideal for businesses that deposit a minimal number of checks per month

Merchant Services—OMEGA Processing

How we can help:

Cash Management: Cash Management is an addition to NXT Bank Online Banking, that when approved for such services, allows users to: create ACH batches for payroll processing or other automatic payments; send domestic wires, and reconcile NXT Bank business accounts.

Remote Deposit Complete: Let us bring the teller system to you! Scan business deposits from your desk and save a trip to the bank!

Remote Deposit Anywhere: Now use your smartphone to make deposits into your NXT Bank business accounts! Download the NXT Bank App and call your local branch to get enrolled in Remote Deposit Anywhere for business. This set up is perfect for businesses that receive a small number of checks.

Merchant Services: NXT Bank is pleased to offer merchant services through OMEGA Processing. We will get you in touch with our representative from OMEGA and together, will see that your credit card processing needs are met, with customer service that exceeds expectation.

Please contact Jamie Henderson at 319-298-2345 to learn more about these time savings services!
